

**Technical Corporation**

**Nitto Denko Technical Corporation is now seeking to hire Scientist positions.**

### **Scientist Molecular Biologist siRNA (for carrier discovery project)**

#### **About NDT**

NDT is located in Oceanside, California and focuses on cutting edge technologies that will provide practical solutions for leading industry sectors such as Biotechnology, Optronics, and Nano Technologies into the next decade and beyond. Our long term vision and unparalleled, multi-disciplined team of researchers from all over the globe make NDT a vibrant and exciting center of new ideas and brilliant technologies.

#### **Job description of Scientist, Molecular Biologist candidate for siRNA and carrier discovery project**

##### **Job responsibilities:**

The successful candidate will conduct screening and validation of siRNA and its delivery carriers for the treatment of liver fibrosis. The ability to apply good problem solving skills, work effectively in a team environment both within and across departments and functions and attention to data quality and interpretations are key requirements.

##### **Job requirements**

**Education:** MS/BS degree in Bioscience training.

**Experience:** At least 2-3 years working experience in academic lab or industry. Previous knowledge and research experiences in the fields of molecular biology, cell biology and assay development are required. Working experience with siRNA discovery and transfection reagent development is a plus. Macromolecule analytic specialist in macro molecules and nanoparticle analytic experience

**Skill sets:** General molecular biology techniques such as gene cloning, RNA isolation, qPCR, western blot, etc. General cell biology techniques such as cell culture, transfection, transduction, etc. Assay development and compound screening.

The successful candidate will display the ability to learn and apply new concepts quickly, work productively, handle multi-task efficiently, attention to detail and excellent communication, problem solving and teamwork skills.

We offer full range of benefits, Medical, Dental, Vision, Life and LTD. EAP, Flexible Spending Account, 401K with employer matching, Tuition Reimbursement, etc.

We are proud to be an equal Opportunity Employer

Please send your resume in Word format, with salary requirements, to:
